by severe pain, swelling, or discoloration may require a trip to the hospital. In milder cases, rest, ice, and anti-inflammatory medication will help the area heal. 8 Of The Most Common First Aid Injuries Therefore if NOTHING was done by the medic, as per OSHA definition etc, it would not count as a "first-aid". We also use OSHA recording criteria for our internal reporting systems, and if such an event occurred on our site, and a first-aider attended, but there was no first aid treatment ( which is rare) we would record it in our internal "system" as a near miss and investigate proportionately. Definition of a First Aid Case Safety First Aid Group Limited will only refund the delivery charge if the return is as a result of our error, or as a
